PROFESSIONAL SUMMARY

Data-driven growth marketer with 14+ years of experience leading B2B demand generation, campaign strategy, and revenue attribution. Proven ability to design and execute multi-channel programs that grow pipeline, improve CAC/LTV efficiency, and align marketing with sales outcomes. Experienced in analytics, content production, and performance optimization across paid, organic, outbound, and partnership channels. Known for blending hands-on execution with AI to execute a data-driven strategy of scaling, testing, automation, and creative output.

EXPERIENCE

Critical Peake Services / Blue Whale EV

2025 - Present

Marketing Manager
Hanover, MD

Built marketing and demand generation programs across commercial electric contracting and EV charging divisions. Marketing-sourced revenue up 62%. Company-wide revenue up 23% since joining.

- **Outbound:** Use intent data (ZoomInfo, Apollo) and automated multi-channel sequences to find in-market prospects, drive expansion within existing accounts, and generate commercial and public-sector pipeline.
- **Paid Media:** Run geo-targeted Facebook and LinkedIn campaigns using real job site photography and customer reviews, achieving a \$20 CPL.
- **Lead Generation:** Design intro offers that get prospects in the door, including an automated EV report with ROI, cash flow, and incentive analysis that turns a no-cost touchpoint into a sales conversation.
- **Content & Enablement:** Produce video, case studies, email campaigns, and landing pages that support organic discovery and active sales conversations, now cited in AI search engines at 3x the previous rate.
- **AI & Automation:** Build model-agnostic agentic systems to handle personalized outreach, reporting, and CRM logging to replace back-office work that would otherwise require additional headcount.
- **Reporting & Attribution:** Create and maintain SQL-powered dashboards tracking CAC, LTV, pipeline health, and multi-touch attribution, giving sales and leadership a real-time view of what's driving revenue.

Groove Commerce
Internal Marketing Manager
Baltimore, MD

2021 - 2025

Led demand generation for a B2B agency specializing in B2B/B2C SaaS eCommerce implementations.

- Drove a 153% PoP increase in LTGP:CAC through automated lead generation campaigns.
- Generated 28% of revenue by building strong relationships with technology partners such as HubSpot and Shopify to facilitate campaigns, cross-selling, and revenue-sharing.
- Collaborated closely with services and sales teams to ensure alignment of marketing with sales goals.
- Managed AI along with internal and external teams to meet internal marketing project deadlines.
- Owned the end-to-end content engine for demand generation, creating assets (videos, webinars, blogs, etc.) to capture qualified MQLs and accelerate the MQL-to-SQL funnel.
- Built and presented custom dashboards to measure key performance indicators to C-suite executives, providing actionable insights to drive business growth.

Capital Vending
eCommerce Marketing Manager
Laurel, MD

2010 - 2018

Oversaw the marketing and sales of more than 10,000 eCommerce SKUs for B2B and B2C customers.

- Increase of 621% in online sales by creating and implementing SEO, organic video, and paid advertising strategies; ultimately resulting in online revenues overtaking in-store sales.
- Generated a 23% increase in automated email marketing-attributed revenue by creating automations such as abandoned cart and post-purchase sequences.
- Merchandised vending machine-related products for purchase online or in-store based on forecasted demand.

EDUCATION

Anne Arundel Community College
Recipient of the Ratcliffe Entrepreneurial Studies Scholarship
Associate Degree in Business Management - Marketing
Arnold, MD

2018
